

**Office of Emergency Management
Henderson County, Texas**

PRESS RELEASE

February 19, 2021

Yesterday, the Governor announced a statewide effort to collect damage assessment data for this unprecedented event. This information is being collected to help officials across the state gain an understanding of damages for individuals throughout Texas.

The objective in this effort is to demonstrate the scale of this disaster at the local level. As such, this will be a local effort with support from the state. The previous use of this product has yielded excellent results in multiple large disasters. With this detailed information, we will be able to demonstrate the total impact statewide.

The self-reporting survey is also accessible via <https://tdem.texas.gov/warm/>

Please take time to fill out this survey. This will assist us in seeing how you are affected by this disaster at the local level, and could also assist us in helping you with ongoing needs.
